

## Our Mission

As the Sisters of Mercy before us,  
we bring to life  
the healing ministry of Jesus  
through our compassionate care  
and exceptional service.

### Mercy Hospital Ada

Mercy Hospital Ada is a 116 bed, acute-care facility serving Pontotoc County and the surrounding areas in south-central Oklahoma. As your health care needs change, Mercy will change with you. We're adding services, recruiting physicians and expanding our facility to meet these needs. Every member of Mercy is integral to the overall care we offer the community. Community involvement sets Mercy apart. We actively support the schools and service organizations in Pontotoc County. This connection to you is our way to ensure health and wellness in the community. The hospital has earned many recognitions, including:

- The Gold Seal of Approval from The Joint Commission for Accreditation of Health Care Organizations (JCAHO) for national quality and patient safety standards
- CMS 4 Star Rating (Centers for Medicare & Medicaid Services)
- Leapfrog Grade B for Patient Safety
- Accreditation of Mercy Cancer Center from the American College of Surgeons Commission on Cancer (CoC), for the survival and quality of life for cancer patients
- NRHA Top Rural Hospital
- Leapfrog/Newsweek Top Maternity Hospital

### Mercy Clinic

Mercy Clinic is a network of over 3,400 primary and specialty care physicians and practitioners across Mercy's multi-state service area committed to a better way to provide care. Linked by a sophisticated electronic health record system, these professionals share information to seamlessly collaborate - creating a highly coordinated, personal health care experience for all those we serve.

Mercy patients enjoy access to MyMercy, an online health management tool that links them to their electronic health record and doctor.

Your life is our life's work.

# A Guide to Our Services

## Emergency Services

The Emergency Room is here to serve you in any medical emergency with a team of highly trained doctors and nurses. Ours is the region's only Level 3 Trauma Center, with our own ambulance fleet serving all of Pontotoc County.

## Imaging Services

Mercy's fully accredited imaging department offers:

- Bone Density Screening
- Computerized Tomography (CT scan)
- Diagnostic Radiography & Fluoroscopy
- 3D Screening and Diagnostic Mammography
- MRI
- Nuclear Medicine
- PET Scan
- Stereotactic Breast Biopsy
- Echocardiography (Echo)
- Cardiac Cath Lab Services
- Exercise or Chemical Cardiac Stress Testing
- General, OB, & Vascular Ultrasound

To schedule a mammogram online, visit [mercy.net/MammolnAda](http://mercy.net/MammolnAda) or call 580.421.1565.

## Rehabilitation Services

Mercy offers a full range of physical, occupational and speech therapies for both adults and children. Treatments include orthopedics/sports medicine, specialized women's health and pelvic floor, upper and lower extremities, back, neurorehabilitation, cardiopulmonary training, vestibular, work-related injury and balance training.

Mercy's Inpatient Acute Rehabilitation Unit can prepare you for full independence after major illness or injury.

For more information or a tour of our unit call 580-786-6327.

## Cardio/Pulmonary

Services include electrocardiograms (EKG's), Pulmonary Function Testing (PFT's) and Cardio Pulmonary Rehabilitation. From the onset of heart and lung disorders to recovery, our full range of care supports each patient in their efforts to maintain a healthier lifestyle.

## Sleep Services & Neuro

If you're having trouble sleeping, Mercy Sleep Center can help. We provide comprehensive sleep studies, and diagnosis and treatment of disorders like insomnia, sleep apnea, restless legs syndrome and others. Mercy also has the technology and expertise to diagnose neurological illness and injury.

## BirthPlace

We provide family-centered mother-baby services that address the needs of mothers, babies and their families.

## Neonatal Intensive Care

Our Level II Neonatal ICU allows patients and their newborns to stay in Ada while getting the most advanced care for premature or critically ill babies. Local pediatricians and neonatologist collaborate to provide the best care possible

## Cancer Center

The Cancer Center provides the area's most advanced cancer care close to home. Our team of providers offer cancer prevention and early detection strategies, education and support services, and referrals to promising clinical trials and research. The latest chemotherapy and radiation therapies are available here.

## Surgery Center

Mercy's full-service surgery center is a safe environment for inpatient and outpatient procedures. With a wide array of surgical procedures performed daily, Mercy's team of specialist are here able to help you with everything from endocrine surgery to minimally invasive hernia surgery to colorectal surgery to breast surgery. Our goal is to get you back to living a healthy life.

## Substance Abuse Treatment

The BreakThru™ substance abuse program is a medically-based approach to managing withdrawal with compassion, dignity and confidentiality. To learn more or schedule a complimentary screening call 580-768-0774.

## Endoscopy Center

The Endoscopy Center uses the latest technology to diagnose and treat a variety of digestive conditions, including acid reflux, stomach ulcers, inflammatory bowel disease, ulcerative colitis, Crohn's disease, colon polyps, colon cancer and others. We perform upper endoscopy, endoscopic ultrasound, colonoscopy and enteroscopy.

## Dialysis

Patients with chronic kidney disease, kidney failure, and elevated BUN/Creatinine have access to State-of-the art mobile Tablo machines providing hemodialysis, peritoneal dialysis, and SLED. Upon arriving to the Emergency Department, patients will receive a comprehensive nephrology consult to evaluate their needs and implement a treatment plan to return to wellness as quickly as possible.

## Behavioral Health

Our psychiatrist and staff specialize in the geriatric community. Admitted patients receive a complete psychiatric evaluation and medical exam to determine personalized treatment options. Medicare and most insurance plans are accepted. Contact Mercy Behavioral Health at 580-421-1234 for a referral.

## Wound Care

For nonhealing wounds, such as those caused by chronic or acute edema, spider bites, acute crush injury and abscesses, Mercy offers advanced treatment, including hyperbaric oxygen treatment. For more information, call Mercy Hyperbaric and Wound Care at 580-272-1731.
